Bachelor of Computer Engineering
Sharif University of technology, Tehran
Founder of AYOT

Education

•Sharif University of Technology *2018-24*
B.Sc in Computer Engineering GPA: 3.73/4

•Allameh Hellil Highschool *2015-18*
Affiliated with the National Organization for Development of Exceptional Talents Diploma in Mathematics and Physics

Research Interests

•Internet of Things
•Software Engineering
•Automation
•Augmented reality
•Human-Computer Interaction
•Natural Language Processing
•Computer Networks and Cyber security

Publications

•Style transformation in the Persian language from informal to formal *Work in progress*
***Saee Saadat**, Neda Taghizadeh, Vida Ramezanian, Hamid Jahad, Ehsan Asgari*

•Computer Simulations Textbook *2024*
*Bardia Safaei, **Saee Saadat**, Neda Taghizadeh, Negar Nobakhti, Alireza GhahramaniKure, Mohammad Ali Kakavand*

Research Experience

•Sharif Electronics (IoT) Lab *Jul. 2022 - Present*
Research Assistant Dr. Siavash Bayat

– Working on an MQTT based platform to control and monitor ESP8266 based devices remotely

•Sharif Natural Language Processing Lab *Oct. 2022 - Nov. 2023*
Research Assistant Dr. Ehsan Asgari

– Developing NLU capable bots for a customized Matrix powered messaging platform (Undergraduate thesis)
– Style transformation in the Persian language from informal 2 formal (Paper)
– IoT devices capable of answering client questions based on their catalog and guide book

Work Experience

•AYOT *2021 - Present*
Founder, Software engineer, Managing Director Sharif innovation park, Tehran

– Following my passion for both entrepreneurship and IoT.
– Smart Home IoT Platform
– Co-founded by Dr. Siavash Bayat
– Collaborating with Snowa - The Number one Home appliance manufacturer in Iran.

•Digikala :: Jet *2022 - 2023*
Software engineer Tehran, Iran

– Working on the number one E-commerce and Q-commerce platform in the country.
– Maintaining over 200,000 lines of legacy code, and starting the redesign process.
– Working with one of the best engineering teams that I've ever met.

•OstadKar *2021 - 2022*
Software engineer Tehran, Iran

- Second semester of computer engineering department's Co-Op program.
- First experience as a back-end developer

•Faraz Pardazan *2020 - 2021*
iOS Developer Tehran, Iran

- First semester of computer engineering department's Co-Op program.
- As a freshman with no prior experience.
- Where I fell in love with software and it all began.

Technical Skills and Interests

Programming Languages: Python, Swift, Go, PHP, C++, Java, HTML+CSS+JS, Dart

Frameworks: FastAPI, Flask, UIKit, NodeJS, Gin, Symfony, Flutter, ...

Libraries: Tensorflow, Transformers, PyTorch, Huggingface, SQLAlchemy, ...

Cloud/Databases:Relational Database(mySql, PostgreSQL), Docker, Cloud based development, Redis, CI/CD, MongoDb

Dev Tools: Git, Unix (Linux and Mac), Terminal (Bash/zsh), Copilot, Jetbrains IDEs, VScode, vim, LaTeX, REST-API, gRPC, MQTT, WebSocket, Agile development, Scrum, Kanban, Jira, gitlab, Jenkins

Soft Skills: Problem Solving, Self-learning, Fast-learning, Presentation, Adaptability, Good at communicating, Understanding product and business, Thinking outside of the box, Good to have in brainstorming sessions

Positions of Responsibility

•Technical and Media Staff Sharif Winter Seminar Series *2019, 2020*

•Media Staff - Photography and editing acm ICPC *2020, 2021*

•Presenter, Singer, Staff, ... All kinds of events through out college! I was there! *2019, 2023*

Teaching Assistant Experiences

•Database Design - Lead TA Dr. Varmazyar *Spring 2021, Spring 2023*

•Computer Simulations Prof. Bardia Safaei *Fall 2023, Spring 2023*

•Computer Networks Prof. Laleh Arshadi *Spring 2023*

•Database Design Prof. Fatemeh Baharifard *Spring 2023*

Other Interests and Hobbies

IoT passion projects with Arduino, Gym, Soccer, Music (Singing), Tech news, Board games, Table Tennis

Language Proficiency

•English Fluent **•Persian** Native
